From this… (in 1900)

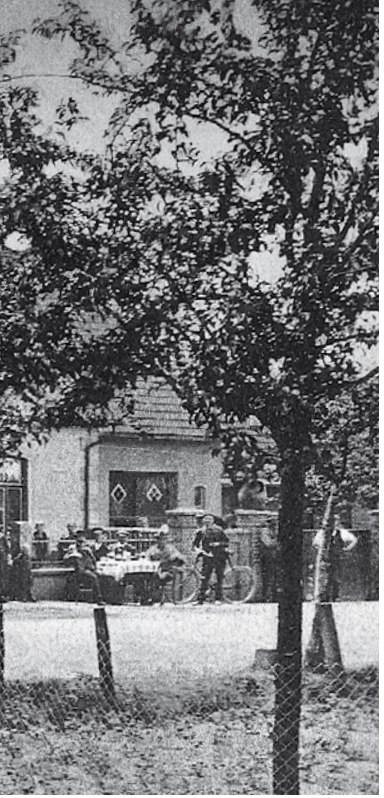
But in 1900, ‘start ups’ were not quite what they are today, and there certainly wasn’t as much freedom or choice. However, company founder Mathias Wiemann was soon having to open a larger workshop, and acquiring his first machinery put him firmly on the path to slow but consistent growth, resulting in the company of today’s size and presence.

The former inn is now an area of 98,000m^2, of which 48,000m^2 contain the production, administration and storage facilities. Around 600 people are employed – it’s the second largest employer in the town of Osnabrück in Northern Germany. Wiemann is still privately owned by the family: at the helm today is the founder’s great grandson, Markus Wiemann, who took over from his father in 2005.

Wiemann today is one of Germany’s leading bedroom manufacturers, specialising in semifitted collections in both modern and traditional styles. Every day, between 400 and 500 bedrooms are put on the road to destinations throughout Europe and beyond.

How many companies can claim to have their roots in what was once a country inn?

The Company.



… To this (today)

Wiemann bedroom furniture is manufactured to the highest standards in its highly mechanised, very efficient factory, which is accredited to the international quality management assurance standard ISO 9001: 2000. Products are also approved under the German BQ quality mark scheme.

The specifications are surprisingly high in relation to the price. Panels are made from 15/18 mm thick mdf or high grade chipboard and wrapped in top quality printed foils using the latest printing technologies available, so all our wood finishes look and even feel incredibly realistic. Every day eight truckloads of high quality particle board are used to make 10,000 individual components, which are then used to make specific orders. We do not keep stock as this could increase the risk of damage.

Wiemann make over 200 ranges of bedroom furniture for markets all over Europe. We have selected what we feel are the most suitable for British tastes – but they all have a distinctive European style. A varied design policy that can adapt almost instantly to changing market requirements is the foundation on which the company's present role is based.

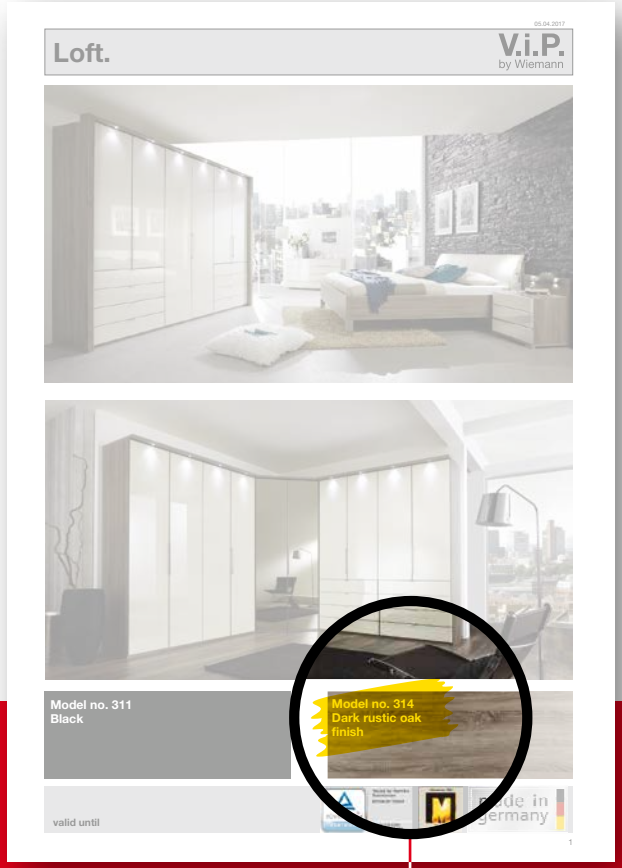
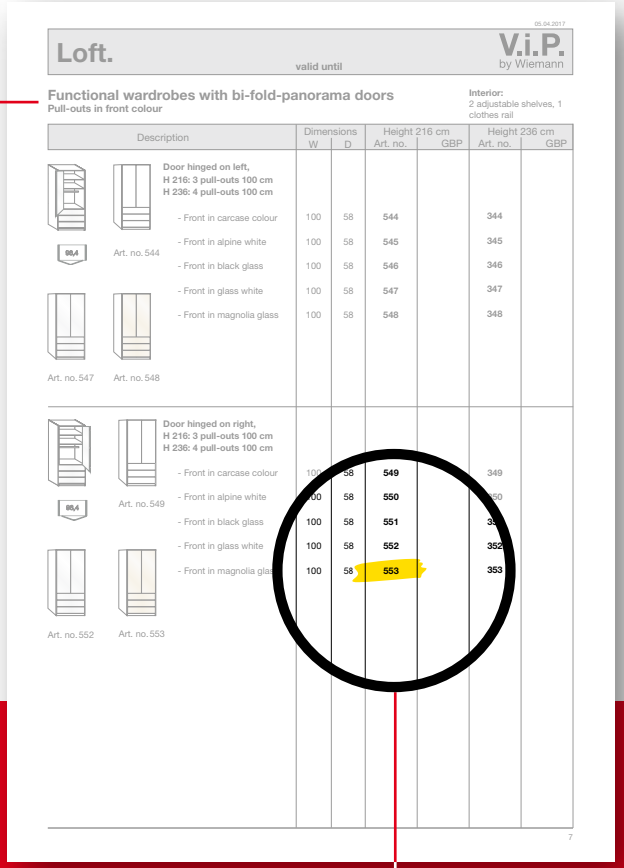
* universal chest of drawer range

Wiemann bedrooms offer a wide variety of ranges and products all pictured in easy-to-handle price lists. Each product is defined by a 6 digit product code consisting of the dedicated model number (3 digits) and the item itself (another 3 digits, article number).

On the first page of each price list you find the model number, which clearly defines the range and its finish/colour. The column “Art. no.” on the following pages shows the items available with the dedicated range.

For example:
Art. no. 314 553,
which clearly describes a functional wardrobe with bi-fold-panorama doors out of the Loft range,
carcase colour dark rustic oak finish,
front in magnolia glass with 3 drawers (door hinged on right), width 100 cm, height 216 cm, depth 58 cm





1.
Select your carcase design & model number.

2.
Please read header carefully.

3.
Select your product & reference number.

314 — *553*
