Finishes

The **Aubusson** collection is available in a large palette of colors and finishes (oiled finishes, hardwood stains and colored wood stains, with or without antique effect), matt or shiny tones, with distressed or non-distressed effects and a variety of leather options.

Our most popular finishes are featured to the left. Feel free to choose one of them or dare to be different!

Furniture items with a dark tone of finish have small panel grooves on the top of the tables / units, to account for the natural movement of the wood and improve the item's durability.

Our finishing process involves a minimum of 5 stages of careful craftsmanship by our skilled polishers, to enhance the lush grain of this noble timber. All materials used in producing and finishing our furniture - from adhesives to varnishes and stains - observe the current environmental rules and regulations.

Handles

We recommend a fine selection of handles and fittings to complement the Aubusson Collection. However, you know what's best for your home, so please feel free to browse the samples available from your preferred retailer and choose the fittings that suit you the most.
